

**CITY COUNCIL SPECIAL MEETING
AGENDA**

**August 26, 2014 5:30 PM
Council Chambers, Civic Auditorium
400 N. Douty Street**

SPECIAL MEETING - 5:30 PM

ROLL CALL BY THE CITY CLERK:

FLAG SALUTE:

PUBLIC COMMENT:

Any person may directly address the Council at this time on any item on the agenda, or on any item that is within the subject matter jurisdiction of the Council. A maximum of five minutes is allowed for each speaker.

Written Correspondence:

1. CONSENT CALENDAR:

All items listed under the Consent Calendar are considered routine and will be enacted by one motion (**ROLL CALL VOTE required**). For discussion of an item on the Consent Calendar, it will be removed at the request of any member of the City Council or any person in the audience and made a part of the regular agenda.

- A.** Public Works: Purchase of five 2014 Ford F-150 pickup trucks from Keller Ford of Hanford in the amount of \$97,583.90; and declare five existing fleet vehicles located within the Public Works Department as surplus and authorize the sale of these vehicles

2. PUBLIC HEARINGS:

- A.** Public Works: Hold a Public Hearing and adopt Urgency Ordinance 14-07 amending the City's Water Use Regulations as set forth in Hanford Municipal Code Section 13.04.150
This item was continued from the August 19 regular meeting. The public hearing was opened, but not closed.

3. NEW BUSINESS:

- A.** Public Works: Response to Kings County Grand Jury Report
This item was continued from the August 19th regular meeting.
- B.** City Manager: Authorization to seek property insurance coverage through CSAC-EIA Public Entity Property Insurance Program (PEPIP) for the period of September 1, 2014 through June 30, 2015

ADJOURNMENT:

Materials related to an item on this Agenda submitted to the City Council after distribution of the agenda packet are available for public inspection in the City Clerk's Office located at 319 N. Douty Street, Hanford, California 93230, during normal business hours. City Council Agendas and materials are also available at the City's website, www.cityofhanfordca.com; subject to staff's ability to post the agenda before the meeting.

If you need a disability-related modification or accommodation, including auxiliary aids or services, to participate in this meeting, please contact the City Clerk's office, 559-585-2515, 319 N. Douty Street, Hanford, California 93230, at least 2 days prior to the meeting {28 CFR 35.102.35.104 ADA Title II}

AGENDA STAFF REPORT

MEETING DATE: 8/26/2014

AGENDA SECTION: 1. A.

SUBJECT:

Public Works: Purchase of five 2014 Ford F-150 pickup trucks from Keller Ford of Hanford in the amount of \$97,583.90; and declare five existing fleet vehicles located within the Public Works Department as surplus and authorize the sale of these vehicles

RECOMMENDATION:

That the City Council, by motion:

- 1) Approve the purchase of five 2014 Ford F-150 pickup trucks from Keller Ford of Hanford, in the amount of \$97,583.90.
- 2) Declare five existing fleet vehicles located within the Public Works Department as surplus and authorize the sale of these vehicles.

BACKGROUND:

The City's Fleet Replacement Reserve Program provides funding to replace vehicles that have outlived their useful life. This year, five existing Public Works Department vehicles are scheduled for replacement. The vehicles meet the City's established replacement program criteria of a minimum 7-10 years of service or 75,000-100,000 miles. All vehicles being replaced are over ten years old.

Bids to purchase the five pick-up trucks were solicited and received from three vendors with results summarized as follows:

Keller Ford of Hanford	\$ 97,583.90
Will Tiesiera of Tulare	\$ 99,965.00
Downtown Ford of Sacramento	\$108,519.65

All quoted prices include taxes and delivery.

FISCAL IMPACT:

The FY 2014 /15 Fleet Replacement Reserve Budget provided an estimate of \$99,030.00 for the purchase of five replacement vehicles. To date approximately \$110,566 has been collected through the City's Fleet Replacement Program. The total purchase price for the five 2014 Ford F-150 pickup trucks is \$97,583.90, including tax and delivery.

AGENDA STAFF REPORT

MEETING DATE: 8/26/2014

AGENDA SECTION: 2. A.

SUBJECT:

Public Works: Hold a Public Hearing and adopt Urgency Ordinance 14-07 amending the City's Water Use Regulations as set forth in Hanford Municipal Code Section 13.04.150

This item was continued from the August 19 regular meeting. The public hearing was opened, but not closed.

RECOMMENDATION:

That the City Council, by motion:

1. Hold a Public Hearing for proposed Urgency Ordinance in accordance with California Water Code Section 375.
2. Adopt the attached Urgency Ordinance amending the City's Water Use Regulations as set forth in Hanford Municipal Code Section 13.04.150

BACKGROUND:

On July 15, 2014, the State of California Water Resource Control Board approved emergency regulations requiring urban water suppliers to implement mandatory restrictions on outdoor irrigation and water use. This action was in response to the states current drought conditions which were declared to be a state of emergency by Governor Brown in two executive orders issued in 2014.

In response to the State's emergency water regulations, staff has developed the attached ordinance which will amend Hanford Municipal Code Section 13.04.150, thereby modifying the City's water use regulations so they are consistent with state regulations. There is an urgent need for the City to implement the State's emergency regulations since the regulations establish a deadline for compliance.

The changes to the City's water use regulations would limit the irrigation of landscaping to twice per week (properties with even - numbered addresses may irrigate on Tuesdays and Saturdays; properties with odd - numbered addresses may irrigate on Wednesdays and Sundays). The irrigation of landscaping between 10:00 am and 6:00 pm would be prohibited between March and November of each year.

The Ordinance allows the washing of vehicles, boats, and trailers on any day of the week as long as the washing process includes a hose equipped with a shut-off nozzle.

The Ordinance prohibits the use of water to wash sidewalks, driveways, and walkways, except in cases which there is an immediate public health or safety need. Also, the Ordinance prohibits water from running into non- irrigated areas, walkways, sidewalks, and adjoining properties. Fountains and decorative water features may not be operated unless they are equipped with recirculation pumps.

The Ordinance also modifies the fines payable for violation of Hanford Municipal Code Section 13.04.150 and adds provisions that allow parties receiving notices of violation or citations to appeal to the City Council.

If approved by Council, the Urgency Ordinance will go into effect immediately. Staff will educate our

customers by providing notification of the new water use regulations in the local newspaper, City web site and by direct mailing.

FISCAL IMPACT:

The fiscal effect of the proposed water use regulation changes, which will promote increased conservation, will also lead to reduced water use revenue since rates are based on consumption.

ATTACHMENTS:

Description	
	Proposed Ordinance modifications
	Ordinance 14-07

13.04.150 Water Use

A. Unlawful Acts. In the use of water supplied by the city no person shall:

(1-) Sprinkle, irrigate or otherwise apply water to any yard, ground, premises or vegetation except on the following designated days: Properties with even-numbered addresses, Tuesday, ~~Thursday~~ and Saturday. Properties with odd-numbered ~~address~~addresses Wednesday, ~~Friday~~ and Sunday; or

~~2. Sprinkle, irrigate or otherwise apply water to any yard, ground, premises or vegetation or wash any type of vehicle, boat or trailer on Monday; or~~

~~(2) Wash any type of vehicle, boat or trailer; with water supplied by a hose unless the hose is fitted with a shut-off nozzle or device attached to it that causes it to cease dispensing water immediately when not in use; or~~

~~(3-) Sprinkle, irrigate or otherwise apply water to any yard, ground, premises or vegetation on any day of the week between the hours of ten a.m. and six p.m. during periods designated as "daylight savings time" (generally occurring between April 15th March and October 15th November); or~~

(4-) Sprinkle, irrigate or otherwise apply water to any yard, ground, premises or vegetation except by the use of a hand-held hose, a sprinkling device or an approved sprinkling system; or

(5-) Keep, maintain, operate or use any water connection, hose, faucet, hydrant, pipe, outlet or plumbing fixture which is not tight and free from leakage or dripping; or

(6-) Sprinkle, irrigate or otherwise apply water to any yard, ground, premises or vegetation between the hours of twelve midnight and five a.m. unless the water device used to apply such water is controlled by an automatic shut-off device or a person is in immediate attendance of the watering device; or

(7-) Allow ~~excessive~~ water to run or waste from ~~his~~ property ~~on to onto non-irrigated areas, private or public walkways,~~ sidewalks, streets or adjoining or adjacent property; or

(8-) Use water for sidewalk, driveway or walkway washing or cleaning, except ~~that a business may apply as required to address an immediate public health or safety need. ; or~~

~~(9) Operate water to paved areas of the business premises in order to maintain the same in a clear and sanitary condition~~fountains or other decorative water fixtures without recirculation pumps; or

~~9.~~(10) Willfully or negligently waste water in any manner.

B. Violations -- Notices – Penalties. The violation of any provisions of subsection A of this section shall result in the following actions by the city:

(Flat Rate Customers)

~~1. First Violation. A verbal warning of the violation shall be issued by the public works department personnel or police department to the respective water customer of the city.~~

~~2. Second~~ (1) First Violation. A written notice of the violation shall be issued by public works department personnel or police department to the respective water customer of the city.

~~3. Third~~(2) Second Violation. A written notice of the violation shall be issued by the public works department personnel or police department to the respective water customer of the city and a charge of ~~fifteen~~twenty-five dollars (\$~~15~~25.00) shall be added to the next water bill of such customer as a one time charge for such violation. The customer shall pay the full amount of such charge within thirty (30) days of the date of the water bill.

~~4. Fourth~~(3) Third Violation. A written notice of the violation shall be issued by the public works department personnel or the police department to the respective water customer of the city and a water meter shall be installed by the city to meter all water use upon the real property where the violation occurred. All costs of the purchase and installation of the water meter, including without limitation, city overhead, shall be billed to the respective water customer of the city and the customer shall pay the full amount thereof within thirty (30) days of the date of the billing.

~~5. Fifth~~(4) Fourth Violation. A written notice of the violation shall be issued by the public works department personnel or the police department to the respective water customer of the city and a charge of ~~fifty~~one hundred dollars (\$~~50~~100.00) shall be added to the water bill of such customer as a one time charge for such violation. The customer shall pay the full amount of the charge within thirty (30) days of the date of the water bill.

(Metered Customers)

a. The notices and charges for metered water service shall be the same as flat rate water service with regards to violations identified in subdivisions (1), (2), (~~3~~) and (~~5~~)4) of this subsection.

b. As regards a ~~fourth~~third violation by a customer with metered service, a written notice of the violation shall be issued by the public works department personnel or the police department to the respective water customer of the city and a charge of ~~twenty-five~~fifty dollars (\$~~25~~50.00) shall be added to the water bill of such customer as a one time charge for the

violation. The customer shall pay the full amount of the charge within thirty (30) days of the date of the water bill.

(As to Flat Rate and Metered Service)

~~6. Sixth(5)~~ Fifth Violation. A written notice of the violation will be issued by the public works department personnel or the police department to the respective water customer of the city and a water flow ~~restrieter~~restrictor shall be installed by the city to restrict water use upon the real property where the violation has occurred. All costs of purchase and installation of the water flow ~~restrieter~~restrictor, including without limitation city overhead, shall be billed to the customer and the customer shall pay the full amount of such cost within thirty (30) days of the date of the billing. The flow restricter shall remain installed until the customer has provided the city's public works department with evidence that the customer has modified its water use so that it will not again violate the ordinance codified in this section.

~~CC.~~ Leak in Customer's System. When a leak is discovered by a customer in a customer's water system and a customer is charged for water that it has not used, as a result of the leakage, it shall be the policy of the city to aid the customer in locating the leak. If the leak is repaired by the customer within a period of ten days of the date the leak is discovered and the customer can establish that a portion of the charges identified in its water bill are in excess of the amount normally charged to the customer, that excess amount of water use caused by the leakage shall be charged to the customer at the standard water rate. If the leak is not repaired by the customer within the ten-day period, the portion of the excess water usage which results from the leakage will be billed at two times the standard water rate until the leak is repaired by the customer.

~~DD.~~ Determination of Number of Offenses. In order to be defined as a violation other than a first violation, the violation ~~much~~must occur within one year of the date of the first violation. ~~(Ord. 95-06 § 1, 1995; prior code § 6-6.15).~~

E. Appeal.

(1) Any person or entity receiving a notice of violation in accordance with this Section 13.04.150 that seeks to appeal must file a notice of appeal with the city clerk within ten (10) days of the issuance of such notice of violation. The notice of appeal shall set forth in detail all facts supporting the appeal.

(2) Upon receipt of a completed notice of appeal, the city clerk shall set the matter for hearing by the city council. After said hearing, the city council may affirm, overrule or modify the notice of violation. Following the city council's decision on a notice of appeal, an aggrieved party may seek judicial review of the city council's decision by filing a complaint with the Superior Court of Kings County, California during the period identified by California Code

of Civil Procedure Section 1094.6, as may be amended. (Ord. 95-06 § 1, 1995; prior code § 6-6.15).

ORDINANCE NO. 14-07

**AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF HANFORD
AMENDING HANFORD MUNICIPAL CODE SECTION 13.04.150 REGARDING
WATER USE RESTRICTIONS**

The City Council of the City of Hanford does ordain as follows:

Section 1: The State Water Resources Control Board (SWRCB) has found that an emergency exists due to severe drought conditions. In light of such conditions, the SWRCB has adopted emergency regulations regarding water use. A copy of the SWRCB's findings and emergency water regulations are attached hereto as Exhibit "A" and are incorporated herein by reference.

Section 2: The SWRCB's emergency regulations identify prohibited activities that are meant to promote water conservation, and the regulations require urban water suppliers to "limit outdoor irrigation of ornamental landscape or turf with potable water by persons it serves to no more than two days per week or shall implement another mandatory conservation measure or measures intended to achieve a comparable reduction in water consumption by the persons it serves relative to the amount consumed in 2013."

Section 3: The City Council of the City of Hanford finds that the current severe drought conditions constitute an emergency for the reasons stated in the attached Exhibit "A" and that the City must act to further promote water conservation.

Section 4: In furtherance of such goal, Section 13.04.150 of the Hanford Municipal Code is hereby amended. The amended text of Section 13.04.150 is set forth in the attached Exhibit "B," which is incorporated herein by reference.

Section 5: This ordinance shall take effect immediately upon its passage, and shall be published once in the Hanford Sentinel within fifteen (15) days after its passage or a summary of this ordinance shall be published in the Hanford Sentinel in a manner consistent with the requirements of the California Government Code. Passed and adopted at a special meeting of the City Council of the City of Hanford duly called and held on August 26, 2014, by the following roll call vote:

**NOTICE OF APPROVAL OF EMERGENCY
REGULATORY ACTION**

**Government Code Sections 11346.1 and
11349.6**

OAL File No. 2014-0718-01 E

The State Water Resources Control Board (Board) submitted this emergency action to adopt three sections and a new article in title 23 of the California Code of Regulations pertaining to drought emergency water conservation. The proposed action addresses severe impacts on California's water supplies and its ability to meet all water demands in the state due to the current drought, which was declared to be a state of emergency by Governor Brown in two executive orders issued in 2014. The second executive order, issued April 25, 2014, directed the Board to adopt emergency regulations, pursuant to Water Code section 1058.5, to ensure that urban water suppliers implement drought response plans to limit outdoor irrigation and other wasteful water practices.

OAL approves this emergency regulatory action pursuant to sections 11346.1 and 11349.6 of the Government Code.

This emergency regulatory action is effective on 7/28/2014 and, pursuant to section 1058.5 of the Water Code, will expire on 4/25/2015. The Certificate of Compliance for this action is due no later than 4/24/2015.

PROPOSED TEXT OF EMERGENCY REGULATIONS

Article 22.5. Drought Emergency Water Conservation.

Section 863. Findings of Drought Emergency.

(a) The State Water Resources Control Board finds as follows:

(1) On January 17, 2014, the Governor issued a proclamation of a state of emergency under the California Emergency Services Act based on drought conditions;

(2) On April 25, 2014, the Governor issued a proclamation of a continued state of emergency under the California Emergency Services Act based on continued drought conditions;

(3) The drought conditions that formed the basis of the Governor's emergency proclamations continue to exist;

(4) The present year is critically dry and has been immediately preceded by two or more consecutive below normal, dry, or critically dry years; and

(5) The drought conditions will likely continue for the foreseeable future and additional action by both the State Water Resources Control Board and local water suppliers will likely be necessary to further promote conservation.

Note:

Authority: Section 1058.5, Water Code.

Reference: Sections 102, 104 and 105, Water Code.

Section 864. Prohibited Activities in Promotion of Water Conservation.

(a) To promote water conservation, each of the following actions is prohibited, except where necessary to address an immediate health and safety need or to comply with a term or condition in a permit issued by a state or federal agency:

(1) The application of potable water to outdoor landscapes in a manner that causes runoff such that water flows onto adjacent property, non-irrigated areas, private and public walkways, roadways, parking lots, or structures;

(2) The use of a hose that dispenses potable water to wash a motor vehicle, except where the hose is fitted with a shut-off nozzle or device attached to it that causes it to cease dispensing water immediately when not in use;

(3) The application of potable water to driveways and sidewalks; and

(4) The use of potable water in a fountain or other decorative water feature, except where the water is part of a recirculating system.

(b) The taking of any action prohibited in subdivision (a) of this section, in addition to any other applicable civil or criminal penalties, is an infraction, punishable by a fine of up to five hundred dollars (\$500) for each day in which the violation occurs.

Note:

Authority: Section 1058.5, Water Code.

Reference: Sections 102, 104 and 105, Water Code.

Section 865. Mandatory Actions by Water Suppliers.

(a) The term "urban water supplier," when used in this section, refers to a supplier that meets the definition set forth in Water Code section 10617, except it does not refer to

PROPOSED TEXT OF EMERGENCY REGULATIONS

suppliers when they are functioning solely in a wholesale capacity, but does apply to suppliers when they are functioning in a retail capacity.

(b)(1) To promote water conservation, each urban water supplier shall implement all requirements and actions of the stage of its water shortage contingency plan that imposes mandatory restrictions on outdoor irrigation of ornamental landscapes or turf with potable water.

(2) As an alternative to subdivision (b)(1), an urban water supplier may submit a request to the Executive Director for approval of an alternate plan that includes allocation-based rate structures that satisfies the requirements of chapter 3.4 (commencing with section 370) of division 1 of the Water Code, and the Executive Director may approve such an alternate plan upon determining that the rate structure, in conjunction with other measures, achieves a level of conservation that would be superior to that achieved by implementing limitations on outdoor irrigation of ornamental landscapes or turf with potable water by the persons it serves to no more than two days per week.

(c) To promote water conservation, each urban water supplier that does not have a water shortage contingency plan or has been notified by the Department of Water Resources that its water shortage contingency plan does not meet the requirements of Water Code section 10632 shall, within thirty (30) days, limit outdoor irrigation of ornamental landscapes or turf with potable water by the persons it serves to no more than two days per week or shall implement another mandatory conservation measure or measures intended to achieve a comparable reduction in water consumption by the persons it serves relative to the amount consumed in 2013.

(d) In furtherance of the promotion of water conservation each urban water supplier shall prepare and submit to the State Water Resources Control Board by the 15th of each month a monitoring report on forms provided by the Board. The monitoring report shall include the amount of potable water the urban water supplier produced, including water provided by a wholesaler, in the preceding calendar month and shall compare that amount to the amount produced in the same calendar month in 2013. Beginning October 15, 2014, the monitoring report shall also estimate the gallons of water per person per day used by the residential customers it serves. In its initial monitoring report, each urban water supplier shall state the number of persons it serves.

(e) To promote water conservation, each distributor of a public water supply, as defined in Water Code section 350, that is not an urban water supplier shall, within thirty (30) days, take one or more of the following actions:

(1) Limit outdoor irrigation of ornamental landscapes or turf with potable water by the persons it serves to no more than two days per week; or

(2) Implement another mandatory conservation measure or measures intended to achieve a comparable reduction in water consumption by the persons it serves relative to the amount consumed in 2013.

Note:

Authority: Section 1058.5, Water Code.

Reference: Sections 102, 104, 105, 350, 10617 and 10632, Water Code.

EXHIBIT “B”

Amended Hanford Municipal Code Section 13.04.150

13.04.150 Water Use

A. Unlawful Acts. In the use of water supplied by the city no person shall:

(1) Sprinkle, irrigate or otherwise apply water to any yard, ground, premises or vegetation except on the following designated days: Properties with even-numbered addresses, Tuesday and Saturday. Properties with odd-numbered addresses Wednesday and Sunday; or

(2) Wash any type of vehicle, boat or trailer; with water supplied by a hose unless the hose is fitted with a shut-off nozzle or device attached to it that causes it to cease dispensing water immediately when not in use; or

(3) Sprinkle, irrigate or otherwise apply water to any yard, ground, premises or vegetation on any day of the week between the hours of ten a.m. and six p.m. during periods designated as “daylight savings time” (generally occurring between March and November); or

(4) Sprinkle, irrigate or otherwise apply water to any yard, ground, premises or vegetation except by the use of a hand-held hose, a sprinkling device or an approved sprinkling system; or

(5) Keep, maintain, operate or use any water connection, hose, faucet, hydrant, pipe, outlet or plumbing fixture which is not tight and free from leakage or dripping; or

(6) Sprinkle, irrigate or otherwise apply water to any yard, ground, premises or vegetation between the hours of twelve midnight and five a.m. unless the water device used to apply such water is controlled by an automatic shut-off device or a person is in immediate attendance of the watering device; or

(7) Allow water to run or waste from property onto non-irrigated areas, private or public walkways, sidewalks, streets or adjoining or adjacent property; or

(8) Use water for sidewalk, driveway or walkway washing or cleaning, except as required to address an immediate public health or safety need. ; or

(9) Operate water fountains or other decorative water fixtures without recirculation pumps; or

(10) Willfully or negligently waste water in any manner.

B. Violations -- Notices – Penalties. The violation of any provisions of subsection A of this section shall result in the following actions by the city:

(Flat Rate Customers)

(1) First Violation. A written notice of the violation shall be issued by public works department personnel or police department to the respective water customer of the city.

(2) Second Violation. A written notice of the violation shall be issued by the public works department personnel or police department to the respective water customer of the city and a charge of twenty-five dollars (\$25.00) shall be added to the next water bill of such customer as a one time charge for such violation. The customer shall pay the full amount of such charge within thirty (30) days of the date of the water bill.

(3) Third Violation. A written notice of the violation shall be issued by the public works department personnel or the police department to the respective water customer of the city and a water meter shall be installed by the city to meter all water use upon the real property where the violation occurred. All costs of the purchase and installation of the water meter, including without limitation, city overhead, shall be billed to the respective water customer of the city and the customer shall pay the full amount thereof within thirty (30) days of the date of the billing.

(4) Fourth Violation. A written notice of the violation shall be issued by the public works department personnel or the police department to the respective water customer of the city and a charge of one hundred dollars (\$100.00) shall be added to the water bill of such customer as a one time charge for such violation. The customer shall pay the full amount of the charge within thirty (30) days of the date of the water bill.

(Metered Customers)

a. The notices and charges for metered water service shall be the same as flat rate water service with regards to violations identified in subdivisions (1), (2), and (4) of this subsection.

b. As regards a third violation by a customer with metered service, a written notice of the violation shall be issued by the public works department personnel or the police department to the respective water customer of the city and a charge of fifty dollars (\$50.00) shall be added to the water bill of such customer as a one time charge for the violation. The customer shall pay the full amount of the charge within thirty (30) days of the date of the water bill.

(As to Flat Rate and Metered Service)

(5) Fifth Violation. A written notice of the violation will be issued by the public works department personnel or the police department to the respective water customer of the city and a water flow restrictor shall be installed by the city to restrict water use upon the real property where the violation has occurred. All costs of purchase and installation of the water flow restrictor, including without limitation city overhead, shall be billed to the customer and the

customer shall pay the full amount of such cost within thirty (30) days of the date of the billing. The flow restricter shall remain installed until the customer has provided the city's public works department with evidence that the customer has modified its water use so that it will not again violate the ordinance codified in this section.

C. Leaks in Customer's System. When a leak is discovered by a customer in a customer's water system and a customer is charged for water that it has not used, as a result of the leakage, it shall be the policy of the city to aid the customer in locating the leak. If the leak is repaired by the customer within a period of ten days of the date the leak is discovered and the customer can establish that a portion of the charges identified in its water bill are in excess of the amount normally charged to the customer, that excess amount of water use caused by the leakage shall be charged to the customer at the standard water rate. If the leak is not repaired by the customer within the ten-day period, the portion of the excess water usage which results from the leakage will be billed at two times the standard water rate until the leak is repaired by the customer.

D. Determination of Number of Offenses. In order to be defined as a violation other than a first violation, the violation must occur within one year of the date of the first violation.

E. Appeal.

(1) Any person or entity receiving a notice of violation in accordance with this Section 13.04.150 that seeks to appeal must file a notice of appeal with the city clerk within ten (10) days of the issuance of such notice of violation. The notice of appeal shall set forth in detail all facts supporting the appeal.

(2) Upon receipt of a completed notice of appeal, the city clerk shall set the matter for hearing by the city council. After said hearing, the city council may affirm, overrule or modify the notice of violation. Following the city council's decision on a notice of appeal, an aggrieved party may seek judicial review of the city council's decision by filing a complaint with the Superior Court of Kings County, California during the period identified by California [Code of Civil Procedure](#) Section 1094.6, as may be amended. (Ord. 95-06 § 1, 1995; prior code § 6-6.15).

AGENDA STAFF REPORT

MEETING DATE: 8/26/2014

AGENDA SECTION: 3. A.

SUBJECT:

Public Works: Response to Kings County Grand Jury Report
This item was continued from the August 19th regular meeting.

RECOMMENDATION:

That the City Council, by motion, accept the attached response to the 2013-2014 Kings County Grand Jury Final Report and authorize the Mayor to file said report with the Kings County Superior Court.

BACKGROUND:

In accordance with section 933 (c) of the California Penal Code, the attached memorandum constitutes the City of Hanford's response to the Kings County Grand Jury Final Report concerning Hanford's water management program.

FISCAL IMPACT:

No Fiscal Impact with this action.

August 27, 2014

Honorable Judge Thomas De Santos, Presiding Judge
Kings County Superior Court
1426 South Drive
Hanford, CA 93230

Your Honor:

In accordance with Section 933(c) of the California Penal Code, the attached memorandum constitutes the City of Hanford's response to the Final Grand Jury Report concerning the "Water Management by Hanford and Lemoore". The response was reviewed and approved by the Hanford City Council on August 26, 2014. The attached memorandum also serves as the Mayor's comments on the Grand Jury's findings and recommendations for purposes of Penal Code Section 933(c).

Along with our response, I have also included a copy of the Final Grand Jury Report.

Respectfully submitted,

Gary Pannett
Mayor

August 26, 2014

To: Mayor/City Council

From: Director of Public Works

Subject: Response to Grand Jury Report

In Accordance with Sections 933 and 933.05 of the California Penal Code, this constitutes the City of Hanford Public Works Department's recommended response to the attached 2013-2014 Grand Jury report regarding "Water Management by Hanford and Lemoore".

Findings and Recommendations

Finding: At the time of the interview with the Hanford Public Works Director, the Grand Jury was told that the City of Hanford does not have a contingency plan in place should the drought worsen.

Recommendation: The City of Hanford should consider the potential need for a similar plan to Lemoore's.

Comment: The City of Hanford does have a water shortage contingency plan. The plan is identified in the City's 2010 Urban Water Management Plan.

On July 15, 2014, the State of California Water Resource Control Board approved emergency regulations requiring urban water suppliers to implement the requirements and actions of their water shortage contingency plan that impose mandatory restrictions on outdoor irrigation and other water use. The City Council adopted on August 26 an ordinance amending the Hanford Municipal Code, which implements the State's new emergency regulations. A copy of the ordinance is provided herewith.

Response Requirement

Penal Code Section 933(c) requires that specific responses to both the findings and recommendations contained in this report be submitted to the presiding judge of the superior court of Kings County within 90 days of receipt of thereof.

Respectfully submitted,

Lou Camara, P.E.
Director of Public Works

WATER MANAGEMENT BY HANFORD AND LEMOORE

WHY THE GRAND JURY INVESTIGATED

MAY 28 2014

Public Interest

AUTHORITY

California Penal §925(a) The Grand Jury may at any time examine the books and records of any incorporated city in the county.

METHOD OF INVESTIGATION

The Grand Jury interviewed the Public Works Directors of the Cities of Lemoore and Hanford and reviewed information provided by the Directors.

BACKGROUND AND FACTS

Both Lemoore and Hanford operate their water functions as an enterprise. In other words, they are self-supporting. Water supply for both cities is from groundwater, and accessed through wells. Within each of the cities, the water usage of most homes and industries are metered, and restrictions apply to water usage for the purpose of conservation. Lemoore meters all of its properties and Hanford is in the process of completely metering all of its properties. The state of California is experiencing severe drought conditions, and both Lemoore and Hanford have ordinances in place to address the issues created by such conditions.

The Cities of Hanford and Lemoore both restrict landscape water usage and car-washing for their residents. Landscape watering is restricted to a three day per week schedule, which can be found on the websites of both cities. Residents are required to use a shutoff nozzle on their hoses if they choose to wash their cars at home, and it is recommended that they use car washes that recycle water. Both cities have reduced their water usage on parks, landscaping, etc.

Lemoore has a three-step plan in place to restrict outdoor watering to two days per week, one day, or even none, should the need arise. There are financial penalties in place for repeatedly violating water restrictions. The City measures changes in the water table and makes adjustments accordingly. Hanford does not have a similar plan in place.

Both cities employ water enforcement officers, who monitor outdoor water usage in the cities and issue notices of violations when ordinances which require restricted watering are in place.

FINDINGS AND RECOMMENDATIONS

Finding

At the time of the interview with the Hanford Public Works Director, the Grand Jury was told that the City of Hanford does not have a contingency plan in place should the drought worsen.

Recommendation

The City of Hanford should consider the potential need for a similar plan to Lemoore's.

RESPONSE REQUIRED

California Penal Code §933(c) Within 90 days of receipt of a report the public agency shall submit its response to the Presiding Judge.

AGENDA STAFF REPORT

MEETING DATE: 8/26/2014

AGENDA SECTION: 3. B.

SUBJECT:

City Manager: Authorization to seek property insurance coverage through CSAC-EIA Public Entity Property Insurance Program (PEPIP) for the period of September 1, 2014 through June 30, 2015

RECOMMENDATION:

That the City Council, by motion, authorize the City Manager to move property insurance coverage to the PEPIP Program through the City's Joint Powers Authority CSAC-EIA

BACKGROUND:

The City of Hanford, for the past several years, has obtained property insurance coverage on roughly \$70 million in property value through a policy purchased with The Hartford. As part of staff's on-going effort to ensure the most cost effective delivery of service, staff sought an insurance quote through the CSAC-EIA Joint Powers Authority that the City joined a few years ago. A comparison of the level of coverage and premiums is attached for Council's review.

The new quote, listed as APIP provides substantially more coverage than the renewal quote from The Hartford for roughly \$22,100 less in premium cost. The new quote also maintains an identical deductible of \$10,000.00 per occurrence.

Coverage can be activated as of September 1, 2014 with an affirmative action of the Council. The savings is divided among several funds, based on the size of each budget. Roughly ½ of the savings will be experienced by the General Fund.

FISCAL IMPACT:

Budget savings of \$22,100 per year, of which approximately \$11,000 would be recognized by the General Fund.
